

SFP FireHose Reel

For full details of component performance and specification refer to the individual Product Data Sheets.

Satte SFP Fire Hose Reel sets combine carefully matched quality components that give optimal operating efficiency with high levels of reliability and competitive pricing to provide effective and dependable firefighting solutions.

Benefits

- Increased water pressure throughout the building
- Improved water supply reliability
- Energy efficiency through optimized pump operation
- Reduced maintenance and extended pump lifespan
- Enhanced fire protection and safety
- Compliance with local water pressure regulations

Technical Data

Applications

- High-rise buildings
- Commercial/Industrial complexes
- Hospitals/Healthcare facilities
- Hotels/Resorts
- Residential apartments/Condominiums

Types of Water Boosting Sets

- Horizontal/Vertical Multistage Pumps
- Split-Coupled/Close-Coupled Pumps
- In-Line/End-Suction Pumps
- Variable Speed/Constant Speed Systems

SATTE FIRE HOSE REEL				SINGLE PUMP						TWIN PUMPS						
Models	Flow (m ³ /hr)	Pressure (m)	Pumps	Power (KW)	Pressure Tank	Dimensions			Weight (kg)	Pumps	Power (KW)	Pressure Tank	Dimensions			Weight (kg)
						A	B	C					A	B	C
